New Delhi [India], January 9 (ANI/NewsVoir): Advantec Wheels, a Delhi-based start-up, founded by Sukhbir Singh, Ravinder Arora and Jasneet Singh, has forayed into manufacturing of aesthetically designed, high performance and superior quality of Flow Forged Alloy Wheels for India's Aftermarket for passenger cars. This move comes in the wake of company's concerted efforts to meet the ever-growing demand for reliable and global quality Alloy Wheels in the country. This was disclosed by Ravinder Arora, President & Director, Advantec Wheels. The prototypes of the Alloy Wheels will be showcased at the Auto Components Show at Pragati Maidan (January 12-15, 2023) New Delhi.
